# WHAT'S NEW FOR BRIWAY

Briway Carriers is offering you a NEW, state of the art, truck and trailer combination that allows you to move longer and higher loads in fewer shipments.

## LONGER LOADS • HIGHER LOADS • FEWER SHIPMENTS

The **Super Flat** combines the advantages of a Flat Bed and Step Deck trailer all in one. What makes this unit so unique is the ability to load off docks and haul loads up to 9'10" high, 53' long while still being legal without the need for additional or special equipment. This results in moving your product more efficiently and economically.

While loading more of your product at one time, the **Super Flat** allows you to ship your product faster by consolidating your shipments, therefore, saving on shipping costs. Ultimately, this will give you the competitive edge over your competition.
