Briway

About Us

Briway Carriers Incorporated has been family owned and operated since 1998. We take great pride in servicing our customers with quality and safety at the forefront. We are licensed and bonded to ship throughout Canada and the United States, which allows us to be a full-mile carrier for our customers.

As fourth-generation potato farmers, Brian English along with his two sons Jeff and Jamie saw an opportunity with a local equipment dealer to haul freight. With hard work and determination, Briway has grown into an established and dependable specialized carrier with more than 80 employees, 65 trucks, and 150 trailers. We service all industries including Agricultural, Manufacturing, Government and Construction.

We're always on the cutting edge of new and innovative equipment, design, and processes. It's what we do - We take care of the customer.

Specialized Equipment

We don't just stop at providing the right equipment - we build it as well. We have been successfully designing specialty trailers to go above and beyond customer expectations.

Our specialty trailers include:

Super Flat – To ship taller and longer units without the use of oversize permits.

Low Pro Steps – Allows us to ship large equipment safely and effectively

Light and Narrow Deck RGN

– Light weight to support heavier loads

Glass – Specialized Glass Transport

Glass Division

From small panes to large fragile sheets of glass, we move it and we take care of it. We can service both Canada and the United States. We take pride in how we protect your glass and transport it safely.

Supply Chain Solutions
